## **Annexure VI**

### **Feedback Analysis Report**

The ideas of the Students, Parents, Alumni and Employers are given the prime focus in our college.

#### **Students Feedback**

Student feedback is a key feature of the college to enhance the student's experience and to assure the Standards and quality of the college. Students Feedback collected from the students is used to plan and overcome the barriers in all aspects. All the departments obtain a feedback from every student at the end of the semester, covering all aspects, including the depth of subject preparation, clarity in the delivery of the lecture, encouraging the students to ask questions, indulging interest in the students' progress, punctuality of the faculty member, pace of syllabus coverage and interaction with students etc. An elaborated questionnaire is prepared for the students' assessment. Based on the evaluation, the faculty members have given counseling who scored lesser than seven in the ten point scale. It is also probably helpful for both faculty members and students to start using the phrase "feed-forward" as this encourages both faculty members and students to focus on future learning.

#### **Parents Feedback**

Parents Feedback is collected from the parents to know about the pros and cons of the college. Feedback collected yearly once or if necessary from them during Parents Teachers Meet. After completion of internal test, the marks sent to the parents through letter and feedback received by them. The Feedbacks are collected and recorded for constructive developments. A report is prepared and passed on to the Principal and Management for their information. The reflections of the meetings are incorporated in the plan.

#### **Alumni Feedback**

Alumni feedback is taken formally during the annual meet and informally during faculty-alumni interaction. This Institution maintains cordial relations with our Alumni. Alumni are called as Special invitees on every important and special occasion in the college. Rich experiences of them are utilized for the development of the Institution. Feedbacks from Alumni are also considered in the developmental aspects of the Institution. Alumni meetings are serving as a bridge between the Industry and the Institution.

#### **Employers Feedback**

The feedback is obtained from the employers informally, when the students and the faculty members meet during the Industrial Visits. Feedback is collected and submitted to the Placement Director for the necessary changes. A detailed questionnaire is prepared and given to the employers and based on the evaluation, report made then submitted to Internal Quality Assurance Cell. The IQAC in the planning process considers feedbacks collected from all the stakeholders to prepare perspectives on development.

## ***Annexure VII***

### ***Best Practices followed in the institution***

#### **Best Practice – 1**

##### **1. Title of the practice**

**“Learning Management System”**

##### **2. Goal**

A true education is to inculcate a thirst to apply all learned knowledge in their day today life. It will promote Research attitude among the students. Learning Management System is introduced in this Institution to promote students worldly wisdom. It gradually changes the perceptions of the students and broaden their horizon in the challenging and changing world. When the learning practice is simplified, it would enhance the interest in all the arenas. Learning Management System would help the students to get a clear perspective to select their Post Graduate carrier Program and Doctoral Degree program.

LMS software helps to plan, implement, facilitate, assess, and monitor students learning. It also helps the Institution to maintain the integrity of their educational Programmes. It enables faculty members to effectively and efficiently develop Courses, deliver instruction, facilitate Communication, foster collaboration and assess students. LMS can be used to support traditional face-to-face instruction, as well as blended and online educational environments.

##### **3. The Context**

Educational Systems and Methodology are growing at a rapid rate. This system simplifies and attracts the learners to learn new techniques in their respective field. LMS fulfils and enhances knowledge of students thirst.

##### **4. The Practice**

The Institution had introduced innovative **SEC LMS** developed by the faculty members. The **LMS** provides a new world of possibilities to take the learning to a new level.

Faculties create their Courses/Lessons in the **LMS** Software.

Faculty members create their assignments and tests and students can take the tests as many times to practice it until he or she becomes perfect.

Inbuilt **SMS Alert System** connects students and faculty members on real time basis.

The **Interactive White Board** is used to make both teaching and learning more effective, clear, fun and engaging. It whiteboard is a super portable system. **Capture devices** also allow users to capture all of the ink strokes that are written on the whiteboard. When used in conjunction with a video projector it turns the ordinary whiteboard surface into a fully interactive whiteboard.

## **5. Evidence of Success**

The Evidence for success is seen in the feedback received from the students and staff members. Some of their comments are given below:

LMS has improved the performance of the faculty members and teaching quality and their integrity.

Overall performance of the students in their written exam is satisfactory which exhibits the effective and innovative teaching methodology of the faculty members.

Most of the students have performed well taking care of the minute details of the English Grammar. The students can demonstrate their creative skills.

## **6. Problems Encountered and Resources Required**

Few technical problems are solved by the technicians.

## **Best Practice- 2**

### **1. Title of the practice**

**“Finland’s Education System”**

### **2. Goal**

One of the basic principles of Finnish Education is that all people must have equal access to high-quality Education and Training. The key words in Finnish Education Policy are Quality, Efficiency, Equity and Internationalization.
